Delivery Will Start at Once

## VETERANS FORCED TO SEEK CHARITY

Delays in Granting Relief Are  
Denounced Before Senate Committee.

Delays in granting relief and compensation to veterans of the world war were the subject of numerous complaints laid before the special senate committee investigating the treatment of veterans at its meeting yesterday afternoon. In some instances a year elapsed, the committee was told, before relief was obtained, and then the ratings given generally were unsatisfactory. Seventy such cases were submitted by Frank J. Williams of Buffalo, N. Y., a temporarily disabled veteran because of wounds. The witness said that when discharged from the hospital at Plattsburg, N. Y., he was given a disability rating of 10 per cent, which entitled him to \$12 a month compensation. The rating was subsequently increased to 40 per cent and a few days ago to 80, his application for the increase having been on file with the bureau of war risk insurance since September. He stated it was the common experience of the war veterans to have delays of two and three months in getting replies from the bureau.

**Dependent on Charity.**  
Many former service men now in government and contract hospitals are in need of clothing and are dependent upon charity for many of the necessities of life, according to letters filed with the committee by Senator Walsh, democrat, Massachusetts. One letter, referring to the government hospital at Greenville, S. C., stated "conditions are very bad," and asserted that two hundred tubercular patients there had received no compensation. That bribery and tipping for privileges was common practice in the government and contract hospitals was stated by a witness whose name was withheld. He displayed about fifty checks, representing approximately \$400 drawn by himself and used, he said, for such purposes.

## AUTO SPEEDERS WARNED.

Maj. Gessford Tells Precinct Men to Arrest Them.

"Arrest the speed violator," was the order of Maj. Harry L. Gessford, superintendent of police, to members of the police department in a message sent to the precincts last night. "To insure the maximum amount of safety to the pedestrian and motorist alike," the order continued, "it is absolutely essential and necessary that the regulations in this regard be strictly enforced at all times. A driver who indulges in the use of the streets, as well as his own personal safety, by exceeding the speed limit must be promptly arrested and the maximum amount of collateral left for his appearance in court. Maj. Gessford called attention to the number of arrests for speeding made the past three months. Arrests in March numbered 887, while in April the number dropped to 754, and last month they numbered 629.

## PINNED AGAINST TRUCK.

Pedestrian Caught When Brakes on Auto Slip—Other Accidents.

Slipping of brakes of an automobile driven by T. S. Deas, 312 Indiana avenue, resulted in the death of F. Stewart, forty-five years old, 61 New York avenue, at Massachusetts avenue and 7th street yesterday afternoon and pinning him between the automobile and a motor truck. He was injured about the body and received first aid at Emergency hospital. T. H. Sharp, colored, eight years old, 2502 Ozark place, was knocked down by an automobile on Euclid street between 16th and 17th streets yesterday afternoon and injured about his head. He received treatment at home. Henry McBride, twenty-three years old, Charlotte, N. C., was struck by a passenger train at 6th and C streets southwest yesterday afternoon and his head cut. Surgeons at Emergency Hospital rendered first aid.

Through appointment from the Governor of Arkansas, Mrs. Blanche O. Butler of Milverton has become the first woman justice of the peace in her state.

## COXEY ASKS POLICE AID.

Urges Arrest of Man Who Got His Signature to Worthless Check.

Gen. Jacob S. Coxe, who led the "army of the common man" from Massillon, Ohio, to this city a number of years ago and staged a demonstration on the steps of the Capitol, has appealed to the police to investigate an instance of a young man obtaining his endorsement to an alleged worthless check for \$100. The check was made payable at a local bank, Gen. Coxe explained, and bore the endorsement of W. R. Lesser. It was said at police headquarters that reports of the passing of two other checks by the man complained against had been received and search instituted for him. It was said the other checks had been passed on merchants' purchases being made, and the alleged bogus check man receiving the difference between the purchase price of goods and the amount of the check.

Housewives are becoming less wasteful, judging from the reports of numerous cities which show that garbage collections have fallen off from 10 to 25 per cent since the war.
